

Sit on our Knees

Sit on our knees together
Holding hands is even better
Look in to your buddy's eyes
And now clap three times.

Now let's see you smile wide
Now let's shake from side to side
Now let's wave, to say "hello"
Ready? Here we go!

One Step and Another

One step and another, walk at a slow pace,
We walk very slowly, this is not a race.
Now we'll stand still,
Now we'll stand still,
Turn around and then
Walk slowly once again.

One step and another, walk at a slow pace
We walk very slowly, this is not a race
Now we'll turn around,
Now we'll turn around,
Now we'll turn around
Go back to our place.

Slowly, slowly, slowly,
Go back to our place.

Look Around

I look one way, other way,
Nice to see you here today.
I look all around and see,
All the friends who play with me.

When I Look Above

When I look above me
I see the ceiling there,
When I look below me
Then at the floor I stare.

Then I look at the door
And at the window, too
Beyond it I can see
A pretty sky of blue.

Fists

Make two fists
Hear them knock
They are as hard as rocks.

All around our fists will twirl
In the air our fists will swirl.
One and two pow, pow, pow,
Please show all your fingers now.
Move your fingers left and right
Wave hello and be polite.

My Two Hands

My two hands know how to play,
They can pat and clap out loud.
And in each of my two hands,
5 quick fingers move around.

Now my hands will touch my head,
One-two-three they'll tap-tap-tap,
Touch my shoulders, touch my knees
Hands are useful – so it seems!

In a Circle

In a circle we all stand
Then we hold each other's hands
And the circle goes around
Spins around here on the ground }X2

Spins around, spins around }X2

I Drive My Car

I sit in my car and
I steer it on the track
I drive my car forward
And then I drive it back.

I like to drive it forward
Move so far ahead
And then I change my mind and
Drive in reverse instead.

I turn the steering wheel
To the left and right,
Come sit in my car
I'll give you all a ride.

I like to drive it forward
Move so far ahead
And then I change my mind and
Drive in reverse instead.

My Dolly Sue

My new dolly Sue, she likes me a lot
My dolly dances, too, like a happy tot.
I'll wash her so she's clean, and brush her pretty hair
My dolly Sue and I – we make a happy pair.

She has two hands and she
Has two legs, just like me,
Tummy, head and waist
And such a lovely face.

Teddy Bear

Teddy Bear, you love to dance
Dance with one and all,
Around the room you walk and prance
Be careful not to fall!

Bam - you fell! But got right up again.
Bam - you fell! But got right up again.

Teddy, you like turning 'round
Clapping hands together
Turning 'round, then moving your hands
Teddy, you're so clever!

Manners

We all say the lovely words
That help us get along:
“Thank you”, “sorry”, “may I, please...?”
“Goodbye, my friends, so long!”

If we get a present
That brightens up our day
Then we say “thank you”
Before we go to play.

If we fight with our Mom
Or say something rude
We should say “I'm sorry”
To improve her mood.

We all say the lovely words...

If there is something
That we want or need
We probably will get it
If we say “may I, please...?”.

Just before we have to leave
And finish up our song
You can bet that we will say
”Goodbye, my friends, so long!”

We all say the lovely words...

Dance with Mommy

Mommy, Mommy, you and I shall dance,
Mommy, Mommy, won't you hold my hand?

Now I'll sit, you'll circle me
Slowly walk around me.

Mommy, Mommy, you and I shall dance,
Mommy, Mommy, won't you hold my hand?

Now you'll sit, I'll circle you
Slowly walk around you too.

Mommy, Mommy, you and I shall dance,
Mommy, Mommy, won't you hold my hand?

Two Kittens

Two little kittens
On my hands like mittens
One of them is white
The other – black as night

Sometimes they purr
Meow, meow, meow
Sometimes they leave
Ciao, ciao, ciao,
Lick milk – a tasty treat
Clean their back and their feet
Try to catch their tail
Turning around, to no avail.

Mrs. Froggy Green

Mrs. Froggy Green, she's my hopping pal
Hops into a pond or a swamp or a canal
Mrs. Froggy Green, will you ever stop?
Every time I see you, you jump and skip and hop

Hoppety-hop-hop-hop
Hopping all day through
Hoppety-hop-hop-hop
Wait, I'll hop with you!

The Little Snail

The little snail is wandering,
In the yard it roams
On its back it's carrying
Its beautiful home

It leans to the right, leans to the left,
Then leans forward, then leans back.
It leans to the right, leans to the left
But its home remains intact.

The Cake

What is that? A slice of cake
Waiting for me on a plate!
I'll eat the cake, then wipe my face
Eat the cake all by myself,
Eat the cake all by myself.

I'm all grown up, I'm all grown up,
Drink all the juice that's in my cup,
Eat nicely with a fork, or spoon,
And all my food will vanish soon
All my food will vanish soon.

Sitting on the Potty

All the happy kids
On the potty they sit,
All the grown-up kids
On the potty they sit.

Doesn't matter if it's green
Yellow, purple, orange or blue
All of us are using it
Like all the big kids do.

No more diapers or wet pants
Potties are the best!
We all use the potty now
Aren't you impressed?

Mommy Sings to Me

Mommy sings to me
Before I go to sleep
I think her voice sounds just like bells
Her voice is oh-so sweet
I think her voice sounds just like bells
Her voice is oh-so sweet

Mommy sings to me
About my dolly Sue
On my cheek she kisses me
That's what mommies do
On my cheek she kisses me
That's what mommies do

Mommy sings to me
And she pets my head
As I start to fall asleep
Lying in my bed
As I start to fall asleep
Lying in my bed

Mommy sings to me
Softer, so it seems
For I'm already far away
In the Land of Dreams
I'm already far away
In the Land of Dreams.
